VHS Movie review: World Gone Wild (1987) - starring Bruce Dern, Catherine Mary Stewart, Adam Ant.

I Found this gem at the Goodwill (50 cents!). It's about a post-apocalyptic Wasteland in 2087 where Water is no where to be Found & is the most sought after commodity. There is a small outpost in the desert (where Bruce Dern & Catherine Mary's characters live) that actually HAS Water, & an evil cult leader played by Adam Ant decides to try & steal it! Action ensues. You'd love it. I give it 8.5/10 thumbs up!
